Prof. T. D. BISCOE, ... Marietta, Ohio.

Contributors are advised to underscore all specific names in their essays, and to prepare their drawings with india-ink on Bristol board, and somewhat larger than the finished plate, which, if full page, should be 10 by 18 centimeters or in that proportion, and on which letters of reference should appear 2 to 3 millimeters in length. By reducing a larger drawing, more perfect and finer work is obtained, but no more lines need be put on it than if made the exact size. The Secretary will gladly give any information desired, and will receive pencil sketches from those unacquainted with drawing, the object being to secure good illustrations at the least expense. Twenty-five separates are furnished by the Society, and as many more at cost of printing as are marked on the proof when it is read by the author. See By-Laws.

For contents see Table of Contents inside. This number completes Volume XV, comprising the work of the meeting at Madison, Wisconsin.
